PROFILE

Computer Science and Engineering graduate with strong problem-solving, communication, and analytical skills. Proficient in web technologies including HTML, CSS, JavaScript, React, and Python, with practical project experience. Adaptable and team-oriented, seeking opportunities to contribute effectively in both technical and non-technical roles.

EDUCATION

Government College of Engineering , Dharmapuri, B.E. Computer Science and Engineering	Nov 2022 – May 2026
Kalaimagal Matric Higher Secondary School, Kadathur, XII	June 2020 – Apr 2021
Kalaimagal Matric Higher Secondary School, Kadathur, X	June 2018 – Apr 2019

PROJECTS

Real Time Driver Drowsiness Detection • Built a hybrid CNN-LSTM model to detect driver fatigue by analyzing spatial eye features and temporal movement patterns. • Processed real-time video using OpenCV and Dlib to track EAR and MAR.	Jan 2026 – Mar 2026
E - Learning Platform • Designed and deployed a complete e-learning platform to facilitate online course delivery. • The application leveraged Flask/Python for RESTful API development and SQL.	June 2025 – July 2025
AI-Based Resume Analyzer & ATS Scoring System • Developed a web-based resume analysis system to evaluate candidate resumes against job descriptions using NLP techniques. • Enabled efficient comparison between resumes and job requirements to improve candidate selection process	May 2025 – June 2025
AI-Based Student Stress Detection & Analysis System • Built an AI-powered stress detection web app using Flask and machine learning • Implemented model-based prediction, user authentication, and interactive dashboard • Visualized user stress trends using Chart.js and stored data in SQLite	Nov 2024 – Dec 2024

INTERNSHIP

Web Development : CodSoft • Developed and delivered web projects, focusing on design implementation and front-end development skills.	Oct 2025
Python Full-Stack : Optimus Technocrats India Pvt Ltd., • Worked on developing and maintaining user interfaces using HTML, CSS and JavaScript.	Jul 2025

SKILLS

Technical Skills

- Programming Languages : Python, Java, SQL, JavaScript
- Frontend Development : HTML, CSS, JavaScript, React
- Backend Development : Flask
- Database : SQLite, Firebase
- Tools & Technologies : Git, VS Code, PyCharm, Figma, Eclipse
- Core Concepts : REST APIs, API Integration, Machine Learning Basics, UI/UX Principles

Soft Skills

- Effective Communication
- Collaborative Teamwork
- Efficient time Management
- Adaptability and Flexibility

WORKSHOPS

- Participated in One day Workshop on " AI HORIZONS : EXPANDING THE FUTURE OF INTELLIGENCE" at Mahendra college of Engineering.
- Attended Two hours Workshop on " KICKSTARTER TO DIGITAL FORENSICS INVESTIGATION" by Kriyavan Cyber Forensic Service .
- Attended Three days workshop on "Cyber Shield 360: Mastering Network security and cybersecurity" by Kriyavan Cyber Forensic Service.

CERTIFICATES

- Mobile Application Development – Naan Mudhalvan Program by SFJ
- Data Analytics by Google - ingage
- Microsoft Office Essential - Microsoft
- Microsoft Azure AI Essential : Workloads & ML on Azure - Linkedin Learning & Microsoft
- Fundamentals of Deep Learning - NVIDIA
- Internship Training (Python Fullstack) - Optimus Technocrats (India) Pvt.Ltd.
